ARMENIA | ZOÉ SPARKLING WINE

Tavush is the home to the renowned Lalvari and Banants endemic grapes. The exquisite grape nectar of the most northern terroirs of Armenia, maturing under the mild sun of Tavush region, composes an artfully crafted symphony of bubbles, Zoé Sparkling Wine. Zoé continues the story of TUS with its sparkling charm. Named after the Latin word for "essence of life," Zoé is an ode to embracing pleasures of life and celebrating the beauty of vibrant moments, it is the reflection of nature and the life-giving power of the earth. Bringing back the traditions of sparkling wine making of Tavush region, Zoé symbolizes the renewal and reminds that all things are possible. Raise your glass to love, happiness, and the timeless memories with Zoé.

ITALY | KYLIE MINOGUE

An elegant and sparkling Prosecco Rosé, bursting with vibrant notes of fresh strawberries, raspberries, and delicate blossoms. It offers a bright, crisp texture and a refreshing citrus finish. Perfect for those seeking a vegan-friendly option.

Kylie Minogue's debut Prosecco Rosé comes from the prestigious Zonin estate, a family-owned winery spanning seven generations who are the pioneers of premium D.O.C. Prosecco. The Zonin estate reaches over 4,000 hectares and produces arguably some of the best Proseccos in the world.

UK | FEVER-TREE

Charles and Tim, the Fever Tree owners, went back to the history books to find the most authentic and highest quality ingredients and travelled to the most remote, beautiful and dangerous places to track them down. Fever Tree puts quality into mixing in all forms: the packaging, the imagery, even style of serve, but nowhere more so than the ingredients themselves. Fever Tree is the no.1 selling and requested tonic water in the world's best bars for the 8th year running.

ESTONIA | KRISTALL-KUMMEL

Kristall-kümmel is Estonia's oldest and most legendary continuously produced caraway liqueur.

This delicious handmade liqueur is produced from natural macerated caraway seeds, sugar syrup and the fine Estonian grain. During many weeks of the distillation process, each bottle undergoes a highly crafted process of temperature changes and precise recipe timings.

During the maturation phase, gorgeous sugar crystals grow on the bottom and the sides of the bottle in unique forms, a sign of the liqueur reaching its maturity through long-term dedication and care.

ITALY | ITALICUS

A delicate combination of Roman chamomile from Lazio, lavender, gentian, yellow roses and melissa balm from Northern Italy are then macerated together for several days before being married with the bergamot and cedro essential oils to create the final liquid.

Italicus is lightly citrusy on the nose with hints of rose and lavender. on the palate, fresh tones of ripe citrus fruits are balanced with a light bitter and floral spice before giving way to a complex and long lasting finish.

ITALY | AMARO MONTENEGRO

Amaro Montenegro is made from a secret blend of 40 botanicals, including vanilla, orange peels and eucalyptus. The amaro was first produced by Stanislao Cobianchi in 1885 and is named after Princess Elena of Montenegro.

The uniqueness of Amaro Montenegro lies as much in its unmistakable taste as it does in its distinctive production process. From hand-selected botanicals, to the extraction and blending stages, Amaro Montenegro is the result of a rich and complex process that has been passed down through generations, unchanged since 1885.

ITALY | LUXARDO

Is a place where centuries old traditions meet cutting edge production methods.

Traditional copper pot stills, aging vats, marasca cherry orchards, warehouses and brand new bottling lines are all pillars that distinguish the Luxardo Distillery still today, as it was in the past. With the arrival of the seventh generation, today three generations work together to continue Girolamo's legacy.

BELGIUM | VAN STEENBERGE BREWERY

Van Steenberge Brewery, established in 1784, has a rich family tradition of experimentation and perseverance, evolving over six generations. Originally founded by Jean Baptiste De Bruin, the brewery later passed through the Schelfaut and Van Steenberge families, maintaining its commitment to high-quality brewing. Specializing in high-fermentation, live beers, they use their own unique yeasts, master the process of natural aging, and excel in secondary fermentation in bottles and barrels.

This expertise results in beers with a long-lasting flavor evolution, including well-known brands like **Gulden Draak**, **Augustijn**, **Rodenbach**, **Baptist** and **Fourchette**. The brewery combines traditional brewing methods with modern technology, ensuring consistent quality while allowing their beers to mature over time.

BELGIUM | FOURCHETTE

Fourchette was born from the best of two worlds. We combine the refined taste of top chefs with the knowledge of six generations of master brewers.

Our multigrain tripel is a living beer, made from the best ingredients: malt, wheat, hops and wort. Through the process of top fermentation and secondary fermentation in the bottle, we create a velvety smooth balance between gentle bitterness and pleasantly refreshing.

BELGIUM | AUGUSTIJN

The Augustinian monks have been brewing Augustijn since 1295 in Ghent. In 1978, they partnered with brewer Jozef Van Steenberge, gaining access to the original recipe and historic yeast strains. In 1982,

Augustijn was relaunched with secondary fermentation, giving the beer its mild, smooth, and rich flavour that remains its signature today.

ITALY | SAN MARTINO

SEGRETO SPARKLING GLERA VENETO

San Martino, founded in the late 1960s in Treviso, is a family-run winery that has grown from grape cultivation into a modern estate of 800 hectares. For three generations, the Cescon family has overseen every stage of production, combining tradition, precision, and innovation.

Specializing in sparkling wines made with the Martinotti/Charmat method, San Martino also pioneers wine-on-tap kegs, a sustainable format that preserves freshness and reduces waste. This blend of heritage and modern convenience brings their celebrated Prosecco and sparkling varietals to a global audience.

ITALY | SAN MARTINO

This sparkling wine is obtained through the Charmat method and it's produced of glera grape. Its color is pale straw yellow with aromatic perfume, fresh and fruity. It's a good aperitif, ideal for your Happy Hour. It's good to be paired with fish and vegetables dishes.

Volume: 20L, 11%

ITALY | LUXARDO

MARASCHINO CHERRIES

Their unique taste comes from the marasca cherry syrup which is made from the same juice used to prepare the infusion for the Cherry Liqueur "Sangue Morlacco". A cutting edge system of pasteurization guarantees the maximum level of preservation and safety. Today, like in the golden age of cocktails, Luxardo Original Maraschino Cherries are used in the worlds' best bars and by the most famous mixologists as a garnish in their creations. The syrup itself may be used in many cocktails as a flavored sugar. Luxardo Original Maraschino Cherries accurate candying process confers to the fruit a crispiness which is rare to find amongst competing brands.
